SECTION 1: IDENTIFICATION

Product name  Midwest Tungsten Service 702 Diffusion Pump Fluid
C.A.S. Number  68037-71-8
Company name of supplier  Midwest Tungsten Service
Telephone  (630) 325-1001
Recommended Use  Pump fluids and additives

SECTION 2: HAZARDS IDENTIFICATION

GHS Classification
Not a hazardous substance or mixture.
GHS Label element
Not a hazardous substance or mixture.
Other hazards
None known.
SECTION 3: COMPOSITION/INFORMATION ON INGREDIENTS

<table>
<thead>
<tr>
<th>Substance / Mixture</th>
<th>Mixture</th>
</tr>

<tbody>
<tr>
<td>Chemical nature</td>
<td>Methyl, Phenyl Siloxanes (cyclic and linear)</td>
</tr>
<tr>
<td>Hazardous ingredients</td>
<td>No hazardous ingredients</td>
</tr>
</tbody>
</table>

SECTION 4: FIRST AID MEASURES

If Inhaled: If inhaled, remove to fresh air. Get medical attention if symptoms occur.

In case of skin contact: Wash with water and soap as a precaution. Get medical attention if symptoms occur.

In case of eye contact: Flush eyes with water as a precaution. Get medical attention if irritation develops and persists.

If swallowed: If swallowed, DO NOT induce vomiting. Get medical attention if symptoms occur. Rinse mouth thoroughly with water.

Most important symptoms and effects, both acute and delayed: None known.

Protection of first aiders: No special precautions are necessary for first aid responders.

Notes to physician: Treat symptomatically and supportively.
SECTION 5: FIRE-FIGHTING MEASURES

Suitable extinguishing media:  Water spray  
Alcohol-resistant foam  
Carbon dioxide (CO2)  
Dry chemical

Unsuitable extinguishing media:  None known.

Specific hazards during fire fighting:  Exposure to combustion products may be a hazard to health.

Hazardous combustion products:  Carbon oxides  
Silicon oxides  
Formaldehyde

Specific extinguishing methods:  Use extinguishing measures that are appropriate to local circumstances and the surrounding environment. Use water spray to cool unopened containers. Remove undamaged containers from fire area if it is safe to do so. Evacuate area.

Protective equipment for fire-fighters:  Wear self-contained breathing apparatus for firefighting if necessary. Use personal protective equipment.

SECTION 6: ACCIDENTAL RELEASE MEASURES

Personal precautions, protective equipment and emergency procedures  Follow safe handling advice and personal protective equipment recommendations.
### Environmental precautions

Discharge into the environment must be avoided. Prevent further leakage or spillage if safe to do so. Prevent spreading over a wide area (e.g. by containment or oil barriers). Retain and dispose of contaminated wash water. Local authorities should be advised if significant spillages cannot be contained.

### Methods and materials for containment and cleaning up

Soak up with inert absorbent material. For large spills, provide diking or other appropriate containment to keep material from spreading. If diked material can be pumped, store recovered material in appropriate container. Clean up remaining materials from spill with suitable absorbent.

Local or national regulations may apply to releases and disposal of this material, as well as those materials and items employed in the cleanup of releases. You will need to determine which regulations are applicable. Sections 13 and 15 of this SDS provide information regarding certain local or national requirements.

---

**SECTION 7:HANDLING & STORAGE**

<table>
<thead>
<tr>
<th>Technical measures</th>
<th>See Engineering measures under EXPOSURE CONTROLS/PERSONAL PROTECTION section.</th>
</tr>
</thead>
<tbody>
<tr>
<td>Local/Total ventilation</td>
<td>Use only with adequate ventilation.</td>
</tr>
</tbody>
</table>
### Advice on safe handling

Handle in accordance with good industrial hygiene and safety practice. Take care to prevent spills, waste and minimize release to the environment.

### Conditions for safe storage

Keep in properly labeled containers. Store in accordance with the particular national regulations.

### Materials to avoid

Do not store with the following product types. Strong oxidizing agents.

---

## SECTION 8: EXPOSURE CONTROLS & PERSONAL PROTECTION

### Ingredients with workplace control parameters

Contains no substances with occupational exposure limit values.

### Engineering measures

Processing may form hazardous compounds (see section 10).

Ensure adequate ventilation, especially in confined areas. Minimize workplace exposure concentrations.

### Personal protective equipment

- **Respiratory protection**: No personal respiratory protective equipment normally required.

### Hand protection

Skin should be washed after contact.

### Eye protection

Wear the following personal protective equipment

- Safety glasses
Skin and body protection

Skin should be washed after contact.

Hygiene measures

Ensure that eye flushing systems and safety showers are located close to the working place. When using do not eat, drink or smoke. Wash contaminated clothing before reuse. These precautions are for room temperature handling. Use at elevated temperature or aerosol/spray applications may require added precautions.

For further information regarding the use of silicones / organic oils in consumer aerosol applications, please refer to the guidance document regarding the use of these type of materials in consumer aerosol applications that has been developed by the silicone industry (www.SEHSC.com).

SECTION 10: STABILITY AND REACTIVITY

Reactivity
Not classified as a reactivity hazard.

Chemical stability
Stable under normal conditions.

Possibility of hazardous reactions
Use at elevated temperatures may form highly hazardous compounds. Can react with strong oxidizing agents. Hazardous decomposition products will be formed at elevated temperatures.

Conditions to avoid
None known.

Incompatible materials
Oxidizing agents

Hazardous decomposition products
Thermal decomposition
Formaldehyde

SECTION 11: TOXICOLOGICAL INFORMATION

Information on likely routes of exposure:

• Inhalation
• Skin contact
• Ingestion
• Eye contact
Acute toxicity - Data
Not classified based on available information.

**Product:**

**Acute oral toxicity**
LD50 > 2,000 mg/kg  
Assessment. The substance or mixture has no acute oral toxicity  
Remarks. Based on test data

**Acute dermal toxicity**
LD50 > 2,000 mg/kg  
Assessment. The substance or mixture has no acute dermal toxicity  
Remarks. Based on test data

Skin corrosion/irritation
Not classified based on available information.

**Product:**

Result No skin irritation
Remarks Based on test data

Serious eye damage/eye irritation
Not classified based on available information.

**Product:**

Result No eye irritation
Remarks Based on test data

Respiratory or skin sensitization
Skin sensitization. Not classified based on available information. Respiratory sensitization
Not classified based on available information.

Germ cell mutagenicity
Not classified based on available information.
Product:

Genotoxicity in vitro
Test Type. Bacterial reverse mutation assay (AMES)
Result. Negative
Remarks. Based on test data

Carcinogenicity
Not classified based on available information.

IARC
No ingredient of this product present at levels greater than or equal to 0.1% is identified as probable, possible or confirmed human carcinogen by IARC.

OSHA
No ingredient of this product present at levels greater than or equal to 0.1% is identified as a carcinogen or potential carcinogen by OSHA.

NTP
No ingredient of this product present at levels greater than or equal to 0.1% is identified as a known or anticipated carcinogen by NTP.

Reproductive toxicity
Not classified based on available information.

STOT-single exposure
Not classified based on available information.

STOT-repeated exposure
Not classified based on available information.

Aspiration toxicity
Not classified based on available information.
SECTION 12: ECOLOGICAL INFORMATION

Ecotoxicity
Product:
Toxicity to fish
  LC50 (Cyprinus carpio (Carp)) > 1,000 mg/l
  Exposure time 96 h

  LC50 (Salmo gairdneri) > 1,000 mg/l
  Exposure time 96 h

Persistence and degradability
No data available

Bioaccumulative potential
No data available

Mobility in soil
No data available

Other adverse effects
No data available

SECTION 13: DISPOSAL CONSIDERATION

Disposal methods
Resource Conservation and Recovery Act (RCRA)
This product has been evaluated for RCRA characteristics and does not meet the criteria of hazardous waste if discarded in its purchased form.

Waste from residues
Dispose of in accordance with local regulations.
Contaminated packaging

Dispose of as unused product.

Empty containers should be taken to an approved waste handling site for recycling or disposal.

SECTION 14: TRANSPORT INFORMATION

International Regulation

UNRTDG
Not regulated as a dangerous good

IATA-DGR
Not regulated as a dangerous good

IMDG-Code
Not regulated as a dangerous good

Transport in bulk according to Annex II of MARPOL 73/78 and the IBC Code
Not applicable for product as supplied.

Domestic regulation

49 CFR
Not regulated as a dangerous good
SECTION 15: REGULATORY INFORMATION

EPCRA - Emergency Planning and Community Right-to-Know

CERCLA Reportable Quantity
This material does not contain any components with a CERCLA RQ.

SARA 304 Extremely Hazardous Substances Reportable Quantity
This material does not contain any components with a section 304 EHS RQ.

SARA 311/312 Hazards No SARA Hazards

SARA 302 No chemicals in this material are subject to the reporting requirements of SARA Title III, Section 302.

SARA 313 This material does not contain any chemical components with known CAS numbers that exceed the threshold (De Minimis) reporting levels established by SARA Title III, Section 313.

US State Regulations

Pennsylvania Right To Know
Dimethyl, phenylmethyl siloxane, trimethyl-terminated 68037-71-8 90 - 100 %
Tetraphenyldimethyldisiloxane 807-28-3 1 - 5 %

New Jersey Right To Know
Dimethyl, phenylmethyl siloxane, trimethyl- terminated 68037-71-8 90 - 100 %
Tetraphenyldimethyldisiloxane 807-28-3 1 - 5 %
California Prop 65

This product does not contain any chemicals known to the State of California to cause cancer, birth, or any other reproductive defects.

The ingredients of this product are reported in the following inventories:

**KECI**  All ingredients listed, exempt or notified.

**IECSC**  All ingredients listed or exempt.

**REACH**  All ingredients (pre-)registered or exempt.

**TSCA**  All chemical substances in this material are included on or exempted from listing on the TSCA Inventory of Chemical Substances.

**AICS**  All ingredients listed or exempt.

**ENCS/ISHL**  All components are listed on ENCS/ISHL or exempted from inventory listing.

**PICCS**  All ingredients listed or exempt.

**DSL**  All chemical substances in this product comply with the CEPA 1999 and NSNR and are on or exempt from listing on the Canadian Domestic Substances List (DSL).

**Inventories**

AICS (Australia), DSL (Canada), IECSC (China), REACH (European Union), ENCS (Japan), ISHL (Japan), KECI (Korea), NZIoC (New Zealand), PICCS (Philippines), TCSI (Taiwan), TSCA (USA)
SECTION 16: OTHER INFORMATION
